

Feb. 7, 2014

To,

Mr. Lawrence Stanton
Director, Office of Emergency Management

Reference Notification Code:

Dear Mr. Stanton,

The purpose of this letter is in response to notification code [REDACTED] has experienced an increase in sales volume, which results in its subjectivity to U.S. Environmental Protection Agency (EPA) Risk Management Program Regulations- Code of Federal Regulations (40 CFR Part 68) due to the storage of Peracetic Acid in co-located IBC containers above the threshold limit.

Please be advised [REDACTED] : in understanding of its duty to comply with Part 68 and is in process of submitting a Risk Management Plan (RMP).

Sincerely,
